

Corporate Overview

Smarter brand protection solutions

Our Vision

Defending your name in the digital world.

We envision a global online community where brand owners can finally realize their rightful revenues and reputations — and where the tools needed to take action are always just a click away. MarkMonitor leads the online brand establishment and protection industry with dedicated solutions that deliver better returns on your investment.

Putting advanced technology to work for you, we offer:

- **Groundbreaking innovations** for greater visibility into infringements
- Comprehensive coverage of **every channel** your consumers use to find you
- Data-driven **domain** strategies for your corporate portfolio
- A long **history** of success with the **farthest-reaching** solutions
- Powerful marketplace, government and industry **alliances**
- Top-rated customer service for all of your support needs
